Senior Class of '65

Left to right: Gerald Garner, Treasurer; Nance Gadd, Vice-President; Don Vest, President; Penny McCaskill, Secretary; Jimmy Hussey, Reporter.

The Senior year is perhaps the most anticipated of the four years of high school. Applications to colleges are being made. The Scholastic Aptitude Tests are taken by many seniors to determine their abilities in various fields. The information from this test will mean a great deal as to whether or not the applicant will be accepted by a college.

Preparation for the annual is the most time-consuming of all the senior projects. Many afternoons are spent in selling ads to help with the expenses. After this, the seniors must begin selling the annuals to the students.

Later on during the year, the seniors must make plans for Class Day and the long-awaited graduation exercises. These programs hold a special place in the life of a senior, because they mark the end of twelve years of many joys, a few heartbreaks, and quite a bit of hard work.

WILEY BARRETT

Wiley will long be remembered for his outstanding abilities in basketball. His easy-going manner has lead him to recognition as a player with both talent and a sportsmanlike attitude.

JANICE FIELDS

Janice's leadership qualities have obtained for her many important positions in school affairs. She is president of the F. H. A. and Student Council. With her good looks and pleasing personality it is not hard to see why she is well liked by students and faculty.

PENNY McCASKILL

Penny is friendly, witty, and out-going which has resulted in many lasting friendships. As head cheerleader Penny has encouraged much school spirit among the students and faculty of our community.

DEBORAH PRINCE

Deborah's reliability is responsible for everyone's confidence that she can complete almost any task and complete it well. She has achieved many academic honors: National Merit Finalist, Marshal, Beta Club and individual course medals. She is also very outstanding in music and art.

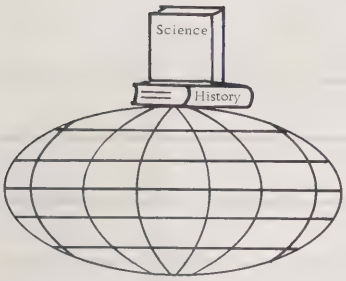
BARBARA STUTTS

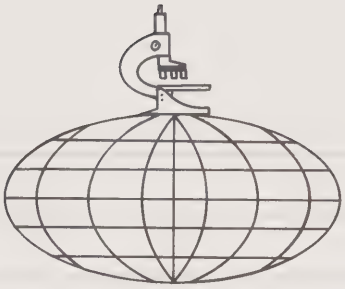
Barbara's capability has led her to such distinctive positions as Beta Club president and Rebel editor. Her appealing personality accounts for her many successes during high school.

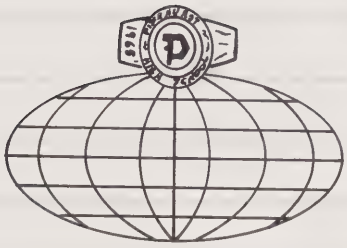
JOHNNY WILLIAMSON

Johnny's good-natured attitude and occasional dry wit has endeared him to students and faculty alike. He has held positions like Vice-President of the Student Council and has enjoyed other academic, athletic, and social successes.

UNDERCLASSMEN







Nancy,
You are a very sweet girl and I have liked going to school with you this year. Take it easy and stay good and sweet.
Love you,
Good Luck

The Freshmen year is one of new experiences. There are the problems of adjusting to the high school routine. For many it marks an introduction to the French language. Physical Education breaks the monotony of the day. Freshmen face four of the most exciting and unforgettable years of their lives.

The Sophomore year has been called the in-between year of high school. Biology with its frog dissections and orderly classification makes this year uniquely different. It is a year to wonder, plan, and dream.

The Junior year is considered by many as the most difficult of all. Juniors not only must face such demanding subjects as United States History with its World Peace theme, but also must devote a portion of their time to planning and carrying out such activities as the Halloween Carnival and Prom. This year is highlighted by class rings and brightened by the realization that there will be only one more year to go.

. . . As Our World Turns

. . . and the 1965 "Rebel" comes to an end, we must close the door to this fragment of our World; a World that to us seniors, has been a vital part of us for the last twelve years and has come to mean more to each of us as the past four years have quickly slipped away. Soon, we, the seniors, will leave our little, isolated World to find ourselves entering a new and different one. But for many years to come, there will remain fond memories of our World within a World. . . Pinehurst School.

NANCY,
I DON'T HAVE TO TELL YOU WHAT A FUN YEAR IT'S BEEN, CAUSE I'M SURE YOU KNOW AS WELL AS ANYONE. WE'RE ALMOST THRU WITH CHEMISTRY, SO NEXT YEAR SHOULDO BE ALL FUN INSTEAD OF JUST 5/6. LOOKING FORWARD TO TWICE AS MUCH FUN NEXT YEAR, AS WELL AS THIS SOMMER,
AS ALWAYS,
MIKE
